General Manager’s Message

This month we’ll be showcasing some great new programming as we begin our March pledge drive. Check out this edition of Highlights to see all the great new programs in store for you. Because our March pledge drive is our biggest drive of the year, many of our contributors typically renew their annual support this month. If it’s time for you to renew your contribution, please consider making a generous contribution. You can do so either online at lptv.org or by giving us a call at 800-292-0922. Your support allows us to continue bringing you the programs that you enjoy each and every day. Thank you!

On March 1, 1988, KAWB in central MN signed on the air! Now, 30 years later, we continue to serve central Minnesota with over-the-air broadcast service and a local office and studio that is the home to local news reporters and our KAWB station manager, Dan Hegstad. We plan to remodel our Brainerd office and studio facility this year and plan to have an open house when we complete this work to celebrate our anniversary and show you our updated space. Look for more information in upcoming editions of Highlights.

Over the last year, I’ve had many people ask me when we will be doing another concert. I’m happy to report that we have not one, but two concerts in the works! First, is the Nitty Gritty Dirt Band. They will be performing a benefit concert for Lakeland PBS at the Bemidji High School Auditorium on Tuesday, June 19 at 7pm. We also have another great concert by the very popular Celtic Thunder in the works. They will perform for us also at the Bemidji High School Auditorium on Tuesday, October 16 at 7pm. If you’ve never been to a concert at the Bemidji High School Auditorium, you need to check it out. It’s an ideal venue for a concert because the acoustics in the auditorium are wonderful and the seating is very comfortable. Tickets for both of these concerts will be available as thank you gifts for your contributions during our March pledge drive.

This past year we’ve seen unprecedented changes in government. Just recently the White House introduced their budget recommendation to congress for FY19. Unfortunately, funding for public media was eliminated in this budget. The good news is that congress sets the federal budget, not the White House. Federal funding is over 33% of Lakeland PBS’ budget. If the White House budget proposal actually became law, small stations like Lakeland PBS could ultimately be forced off the air and our region would lose its only local television station. In addition, the national impact would be just as dramatic. With no federal funding, it’s likely that even PBS would ultimately fail. In a scenario like this, only the biggest public media stations in major markets might survive, but in a much different capacity. The national programs you enjoy and rely on like the NewsHour, Nova, Nature, and Frontline are possible because all the stations pay to support them. Even a small station like Lakeland PBS pays over \$400,000 annually for all the national programs. Regardless of how you feel about this important issue, it’s critically important right now that you let your federal legislators know. Go to ProtectMyPublicMedia.org to learn more and to contact your legislators about this important issue.

In closing, I’ll remind you again that we do indeed have strong local bipartisan support at both the state and federal levels. In addition, a large majority of the American public are very much in support of continued funding for public media. Still, threats like this need to be taken very seriously if we are to maintain a strong public media system in our country.

As always, thank you for your generous support!
Bill Sanford - CEO

Consider a Memorial Gift to Lakeland PBS

One of the most moving experiences an individual can have is visiting a memorial. I remember how sobering my first visit to the Vietnam Memorial was, and that same feeling has reoccurred with each successive visit. Memorials serve as a critical affirmation of a life lived, of the important role that someone held in the lives of others, and of the principles that they stood for.

One of the most meaningful aspects to my position at Lakeland PBS involves working with family or friends of someone who has passed away on a memorial gift to benefit Lakeland PBS. Many people are not aware that they can make a gift in memory of someone to support Lakeland PBS. Often when I have the privilege of speaking with someone who may be considering a memorial gift, I am reminded about how significant a role Lakeland PBS plays in the lives of our viewers. Every memorial gift provides insight into the life of another and how truly lives can be enhanced through the programming offered on Lakeland PBS.

From hearing the voices of the trusted and familiar faces each weeknight on Lakeland News at 10 to providing the highest quality television programming day in and day out, Lakeland PBS provides viewers with content that they could not find elsewhere, content that serves to educate, entertain, enrich and enlighten.

If you would like to hear more about making a gift in memory of someone who has passed away or alternatively, in honor of someone who is still living, I invite you to contact me. I would be honored to listen and learn about the role that Lakeland PBS has played in enhancing and improving the life of someone dear to you.
