General Manager's Message

It's great to see the COVID-19 vaccinations rolling out as quickly as they are. As I was writing this article around this time last year, we were just learning of the spread of the coronavirus here in Minnesota and the resulting school and event closings happening across the state. I would have never imagined that one year down the road we'd still see many businesses have to deal with operating restrictions, with some still closed to the public due to the pandemic. Even with our limited staff, during this entire time, we have continued to bring you our local Lakeland News at 10. Lakeland News has been an important resource for LOCAL information on the COVID pandemic and we're proud that we've played a part in getting you the information that you needed to keep you and your family safe. Please know that we are committed to continue to provide you with important local, regional, and national news and public affairs programs like Lakeland News, the NewsHour, Almanac, and other important programs. We know you rely on us and we will do our best to continue to be there for you.

Our Brainerd and Bemidji facilities are still closed to the public, but we are having discussions to determine when we will re-open. It will depend on the continued success of the vaccine roll out, as well as what happens over the next 30-90 days regarding COVID variants, etc. As always, you can call us during business hours at 800-292-0922 or email us at viewerservices@lptv.org and we will do our best to help you. In addition, our web site is always a great resource at lptv.org. Thank you for your understanding.

We just ended our March fund drive and I want to thank everyone who made a contribution in support of the programs you enjoy on Lakeland PBS. I also want to specifically thank those folks who are sustaining members. Your ongoing support as a sustaining member of Lakeland PBS helps us weather financial storms like the COVID pandemic. For those of you who aren't sustaining members, please consider it. It's easy to do and really makes your contribution go farther because we don't have to spend the time and money on renewing your membership. Again, thank you!

Let's all hope that as we get into summer, the remaining restrictions will be lifted so that we can again gather with family and also attend larger events like church, sporting events, and even concerts. This will certainly be welcomed by one and all! The first big event that Lakeland PBS is planning to participate in is the Beltrami County Fair coming up later this summer. Let's hope that we stay on track with the recovery so that COVID will be behind us and this can be a reality.

In closing, I will mention again that I will be retiring sometime around June of this year. Based on this, I'll likely have just one more article to write for the Highlights after this one. Then, it will be up to the next CEO to carry the torch. It has been such a privilege to work with our wonderful staff, board, and community members in serving the region. I was recently asked what I was most proud of during my 20+ years leading Lakeland PBS. Initially I thought of the accomplishment of fundraising for and completing the Bemidji headquarters six years ago. But after some reflection, I can say with certainty that the highlight of my career was working with great people, as well as meeting so many of our supporting members. People and relationships are what make life fulfilling and this job has given me the opportunity to meet and work with a wide variety of really wonderful people locally, regionally, and nationally. These are my fondest memories and for this I'll always be grateful. In addition, I can't tell you how much I appreciate the support that you all have provided to make Lakeland PBS into what it has become over the years since I started my first job here back in 1985. All of what you enjoy on Lakeland PBS is possible because of you.

As always, thank you for your generous support!
