Fire Chasers: Minnesota Wildland Fire Fighters

Saturday, April 1 at 9pm; Monday, April 3 at 9pm & 9:30pm

Fighting wildland fires was once thought of as a job that "anyone could do". Just pick up a shovel and dig. But as knowledge, experiences and nature itself has changed, so has the way these fires are being fought. This documentary explains how the major fires in Minnesota's early years, that leveled communities and took many lives, became the impetus of the development of the Minnesota Forestry Service and the creation of professional firefighting services. It has become nearly a year-round profession. The process now includes well trained individuals and organized battle plans along with advanced prevention techniques.

Sundays, April 30 - May 21 at 8pm

One of the greatest novels in the English language comes to MASTERPIECE in a four-part adaptation of Henry Fielding's Tom Jones, giving a new twist to the tale of a young man's love for a wealthy heiress. Solly McLeod stars as Tom, with Sophie Wilde as Sophia, the heroine and Hannah Waddingham as the iconic temptress Lady Bellaston. Joining the cast are James Fleet, Shirley Henderson, Alun Armstrong, Pearl Mackie, and a torrent of other talent, bringing mid-18th-century England to life in all its passion and prejudice, luxury and loose morals.

Iconic America: Our Symbols and Stories with David Rubenstein

Wednesdays, April 26 - May 17 & Wednesday, July 12 - August 2 at 9pm

In this eight-part documentary series, David Rubenstein explores America's 400-year history through a close examination of iconic national symbols: indelible artifacts, places, and archetypes. Each episode tells the story of an American symbol to reveal its origins, significance and the arc of its resonance. Episode subjects include the Hollywood Sign, Fenway Park, American cowboys, Gadsden Flag ("Don't Tread On Me"), American Bald Eagle, Stone Mountain, Statue of Liberty, and the Golden Gate Bridge. Rubenstein invites historical experts and community members to examine ways the American public engages with these subjects.

General Manager's Message

At long last, spring has finally arrived here in north central Minnesota! Like you, I'm certainly taking advantage of the warmer weather and am making plans for another beautiful Minnesota summer that lies ahead.

We just ended our March fund drive and I want to thank everyone who made a contribution in support of the programs you enjoy on Lakeland PBS. I also want to specifically thank those folks who are sustaining members. Your ongoing support as a sustaining member of Lakeland PBS helps ensure delivery of the quality local service you've come to expect. For those of you who aren't sustaining members, please consider it. It's easy to do and really makes your contribution go farther because we don't have to spend the time and money on renewing your membership. Again, thank you!

Along with individual supporters like you, we also have the underwriting support of many local businesses throughout north central Minnesota. Local business underwriting has helped ensure the success of our local productions such as Lakeland News, and without their support we simply wouldn't be able to provide such a valuable service to our region. A list of our current business underwriters can be seen at our website: lptv.org/business-partners/. The next time you stop by one of these businesses, please give them a quick "thank you" for partnering with Lakeland PBS and helping provide quality programming for their communities!

Lakeland News, one of our most important and popular programs, is reaching a huge milestone this summer. July 2023 marks the 25-year anniversary for Lakeland News! We are planning to celebrate this important anniversary with some special community events and feature segments within the newscast in the coming months. Over the years we have had strong support from businesses and individuals alike and would like to thank all the supporters who have helped to make local television news for our region possible.

In closing, I would also ask you to consider a planned gift to Lakeland PBS if you have the means to do so. I certainly understand that you likely have other more important priorities for your estate when you pass. Your family, your church, and other charities. That said, a small gift from your estate to Lakeland PBS can make a lasting impact in your community. Your planned gift will help insure that future generations can continue to enjoy compelling, thought provoking local, regional, and national programming from your local PBS station, Lakeland PBS. For more information regarding planned giving options, feel free to give me a call at 218-333-3021.

Thanks for your support!

Backroads "Kelley Smith"

Thursday, April 6 at 7:30pm; Saturday, April 8 at 8:30

Minnesota folk musician Kelley Smith always had music in her bones, but it wasn't until her late 30's that she attached to her guitar and began songwriting. She did so as a practice in freeing herself from social anxiety. "I was tired of being tongue-tied," she says. "I just wanted to paint little word pictures of what was in my head with no pressure to be profound, or correct or catchy. Just me, my soul, coming out." Smith is a guitar picker with an old-timey voice. Her first record, *Moon Child*, comes across as a mid-life coming-of-age story. An insomniac, Smith wrote this first batch of songs by moonlight. They evoke a sense of belonging, juxtaposed with escapism, as she croons about long-term love, grief, and her draw to the night sky.

Common Ground "The North Country Scenic Trail"

Thursday, April 6 at 7pm; Saturday, April 8 at 6:30pm

Adventure across the plains of western Minnesota, into the wilderness along the Canadian border and then follow Lake Superior south, crossing into Wisconsin. The entire trail spans 4800 miles from Lake Sakakawea in North Dakota to the Appalachian Trail in Vermont.

American Experience "The Sun Queen"

Tuesday, April 4 at 8pm

For nearly 50 years, chemical engineer and inventor Maria Telkes applied her intellect to harnessing the power of the sun. She designed and built the world's first successfully solar-heated modern residence and identified a promising new chemical that, for the first time, could store solar heat like a battery. And yet, along the way, she was undercut and thwarted by her boss and colleagues - all men - at MIT. Despite these obstacles, Telkes persevered and, upon her death in 1995, held more than 20 patents.

American Experience "Goin' Back to T-Town"

Wednesday, May 23 at 7pm

The story of Greenwood, an extraordinary Black community in Tulsa, Oklahoma, that prospered during the 1920s and 30s despite rampant and hostile segregation. Torn apart in 1921 by one of the worst racially-motivated massacres in the nation's history, the neighborhood rose from the ashes, and by 1936 boasted the largest concentration of Black-owned businesses in the U.S., known as "Black Wall Street." Ironically, it could not survive the progressive policies of integration and urban renewal of the 1960s.
